

Model
Saule II

Saule II has a new facade, but the same contemporary architectural style as the original Saule model. This semi-detached home delivers a current, modern design. This model, built in the heart of a vibrant community, is ideal for your day-to-day activities. The key feature is undoubtedly the kitchen at the front, which frees up the living spaces to offer views of the backyard. The large living room window is ideal for watching sunsets.
